SUMMARY

Front-End Developer with over 2.5 years of experience in creating engaging user-facing features, optimizing applications for enhanced performance, and collaborating with cross-functional teams. Demonstrated expertise in modern JavaScript frameworks, UI/UX principles, and the ability to contribute to the entire software development lifecycle. Known for delivering high-quality code solutions and a keen eye for design.

EXPERIENCE

Front-End Developer   05/2023 - Present
Digispice ↗

- Played a key role in developing the UI for two communication platform projects (e.g., Project: https://panel.koreroplatforms.com/#/login).
- Utilized Git for version control, managing code repositories, and performing regular code push and pull operations to ensure seamless collaboration and integration.
- Implemented dynamic and interactive UI components using Angular, enhancing user engagement and usability.
- Ensured cross-browser compatibility and optimized performance to deliver smooth and seamless user experiences.

Front-End Developer   01/2017 - Present
Lovely Professional University ↗

- Utilized the Angular framework to develop modular, maintainable, and scalable front-end components, ensuring seamless integration with backend functionalities.
- Work closely with backend developers to seamlessly integrate front-end and back-end functionalities.
- Integrate various APIs to enhance the functionality and interactivity of web applications.
- Manage the build process, ensuring efficient and optimized deployment of web applications.

EDUCATION
